BUY 3 CASES OF THATCHERS ZERO & GET 1 CASE FREE

Thatchers Zero is the N°1 alcohol free
cider in supermarkets and pubs & bars.

No and low is on the up - 2/3rds of the
population are moderating the way they
drink - either completely abstaining or
alternating their alcoholic favourite with
the non-alcoholic version.

Apple is over 61% of all cider sales -
making a non-alcohol apple cider a
crucial part of any pub range.

THATCHERS
— THE FAMILY CIDER MAKERS —

WITH **TWO THIRDS** OF THE POPULATION MODERATING THE WAY THEY DRINK, IT'S TIME TO STOCK A **0% APPLE CIDER**.

Whilst probably a small part of your bar volume, there is no escaping no and low and the importance of stocking a well rounded range that caters to all categories.

our Thatchers
Zero training
video

1/3 of pub visits contain no alcohol as drinkers abstain completely.

1/3 of pub visits contain a blend of alcoholic and non-alcoholic alternatives:

- Zebra striping – alternating non-alcoholic and alcoholic
- Bookending – starting and finishing the visit with non-alcoholic but drinking the alcoholic version in-between.

Stocking a zero cider meets the needs of these cider drinkers looking to moderate **AND** drives additional cash margin.

NO.1

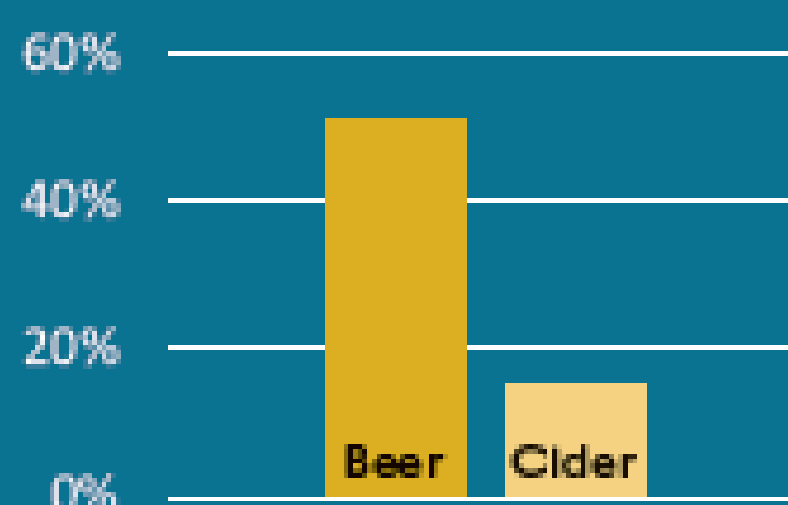

0% APPLE CIDER
IN PUBS, BARS &
SUPERMARKETS

WHAT MAKES THATCHERS ZERO GREAT?

We carefully select fuller flavoured apple varieties to create body and the characteristics that typically come from alcohol – using no natural flavour enhancers.

Thatchers Zero took over 2 years to develop and to ensure quality we use the same techniques used to make our market leading ciders – creating all of the flavour with none of the compromise.

Pub frequenters satisfaction levels with the no and low cider range is currently at only 15% vs the beer category @ 51%

Why? Our research shows pubs often chose a zero-fruit given fruit is the biggest segment in packaged – but apple is the biggest segment in cider – a missed opportunity to boost revenue and footfall!
